## THE LEGEND OF A FANTASM SOLDIER

What would you think if your best friend went on a date with the King of the Dark World and she did it just because she thought he was cute?

You'd think that should have been stopped, set up and you might be right.

The universe is a system of worlds chiefly represented by the Human World, The Dream World of Queen Valis, and the Dark World of King Rogio.

The treacherous Dark World of Rogio and his 5 Dark Lords is poised to lead all other worlds into submission. The universe is in danger of becoming completely Dark.

They have already taken the force of Yang from Queen Valis and have sealed it into a fabulous jewel.

Now, the only one who can help is the one with a beam perfectly balanced with Yin and Yang, the one who control - Yuka, a student from the Human World, chosen to wield the sword of Yula against the approaching Darkness.

As she becomes the greatest warrior in the universe, she never suspects in her wildest thoughts, that her greatest battle will not be against one of the five Dark Lords, but against the one she called her closest friend, the one she wanted "to hang out with him, he's the Dark," and before she could finish, her friend ran off... into Darkness.

## CAST OF CHARACTERS

### Yuko Ahsu

She is an average high school senior, who happens to possess a beam completely balanced with equal parts of Yin and Yang. She is, therefore, potentially the greatest warrior of all the worlds. ▼

### Reiko Kinoshita

She is a high school student, born into money, but not fame. She's been lured on a date with Reigres, against the advice of her friend Yuka. Using the dark power of "Recursus," Reigres turns her into a powerful soldier of Darkness. ▼

## Pegles, King of the Dark Lords

He is the supreme ruler of the Dark World and a clever manipulator of "Vecard". He is scheming to destroy the Green World and the Human World and ultimately rule all of the worlds. His "Wizards" consist of the Lords of the Dark World who challenge Yuzo greatly with their mystical powers. ▼

## Izard, The Lord of Winds

He is a loner, always acting independently. He hates to fight, therefore, he seldom does. Even Pegles would not dare to challenge his magical power. ▼

## Voldes, The Lord of Thunder

Despite his fierce exterior, he possesses superior intelligence. Before Pegles, he was feared most by the others. He is diligently seeking to become the King of the Dark World. ▼

## Vanon, The Lord of Fire

He pretends to be a loyal warrior to Pegles, but is really an arrogant schemer. He believes that he is superior to Pegles, and he has a strong rivalry with Izard. ▼

## Gyeda, The Lord of Earth

He lacks brain power, but has muscle and endurance. He is very loyal to Rogha, and has vowed to help the Dark World conquer all of the worlds. The crazy Ninon annoys him. ▼

## Geeva, The Lord of Water
